January 17, 1933

1. A meeting of the faculty was held at 4:10 P. M. on the call of President Clapp, who presided.

2. The following members were present: H. Adams, W. Adams, Ames, Ammer, Asendorf, Atkinson, Badgley, Bennett, Bischoff, Brien, Bunch, Carey, Clapp, W. P. Clark, Coleman, Crowder, Deiss, Elrod, Eminger, Fitzgerald, Freeman, Gleason, Hewitt, Hitchcock, Hoffman, Housman, Jesse, Kast, Keeney, Leaphart, LeClaire, Lewandowski, Line, Little, Lowman, Maddock, Mason, Merriam, Merrill, Mirrieles, Miller, Mollett, Oakes, Parker, Phillips, Platt, Ramskill, Richards, Riedell, Rowe, Rothermich, Sanford, Scheuch, Schreiber, Sedman, Severy, Shallenberger, Allan Smith, DeLoss Smith, F. O. Smith, G. I. Smith, Snell, Speer, Stone, Suchy, Sughrue, Mrs. Swearingen, T. G. Swearingen, Teel, Thomas, Toelle, Waters, Weisberg, Wells, White, Young.

The following members were accounted for: Bateman, Fay Clark, Howard, Spaulding.

3. The Enlarged Committee on Admission and Graduation, Jesse, Chairman, reported the following exceptions to faculty rulings granted during the autumn quarter:

1. Re: Julia P. Lynch. Miss Lynch was granted permission to satisfy the foreign language requirement for her degree by offering four units in high school Latin without taking the placement examination. The reason for this action was that Miss Lynch completed her training in Latin in 1907.

2. Re: William D. Swetland. Mr. Swetland was granted exemption from the foreign language requirement for the degree of Bachelor of Arts in Education. The reasons for this action were:

1. Mr. Swetland is a mature person of considerable professional experience who has never had any foreign language.
2. He would be able to complete his work for the degree in one year except for the foreign language requirement.
3. He is, and has been, engaged in the field of School Administration, and foreign language would not be of use to him in this work.

3. Re: Frank C. Barker. Mr. Barker was granted exemption from the foreign language requirement for the degree of Bachelor of Arts in Education. The reasons for this action were:

1. Mr. Barker completed two units in high school Latin twenty-eight years ago and would not be able at this time to take the placement examination and complete the additional quarter of work which would be required.
2. He teaches in rural and village schools where foreign language would not be of use to him in his teaching.

4. Re: C. S. Porter. Mr. Porter was granted permission to satisfy the residence requirement for graduation by offering 12 of the last 45 credits toward the degree by correspondence study and therefore only 33 of the last 45 credits toward the degree in residence.

4. The Committee on Admission and Graduation, Ames, Chairman, reported that all the candidates for degrees and certificates whose names appeared on the lists sent to the faculty on December 13 completed requirements for their respective degrees and certificates with the exception of the following:

I. For the degree of Bachelor of Arts:

- VI. Felicia McLemore, who was certified as eligible for the bachelor's degree with honors, did not complete her work for the degree and was therefore not awarded honors.

5. The President discussed the proposed legislative appropriations for the next biennium.

6. On motion of Atkinson, the faculty unanimously voted to request a committee of Line, Merrill and Turney-High to continue their studies of cooperative purchasing.

7. On motion, the faculty unanimously reelected Professor Elrod as the faculty nominee on the Service Committee. The President announced the reappointment of Leaphart as the President's nominee on the Committee.

8. On motion of Jesse, the faculty unanimously voted that all instructors be granted the privilege of voting for members of the Budget and Policy Committee whether or not their appointment had been held for one year or less.

9. The faculty proceeded to the election of the Chairman of the Budget and Policy Committee. The President announced that one member of the faculty had received, according to the report of the tellers, 35 out of 70 votes on the nominating ballott. On motion of Rowe, the faculty unanimously voted to declare this member elected whereupon the President announced the reelection of Professor Elrod as Chairman of the Budget and Policy Committee.

The following election of the members of the Budget and Policy Committee were subsequently reported:

The recommendation was unanimously approved.

6. The Graduate Committee, Bateman, Chairman, reported that all requirements for the Master's degree have been completed by the following and recommended that degrees be granted as follows:

I. The degree of Master of Arts:

History

Total Credits

Harry Paul Budewitz

30

B. A., State University of Montana, 1929

Thesis: The Influence of Unofficial
Diplomacy on the Attitude of the
United States Toward the Great
War, 1914-1917.

II. The degree of Master of Science in Forestry:

Chester W. Jackson

30

B. S. in Forestry, State University of
Montana, 1929

Thesis: The Seed Factor in the Management
of Ranges.

The recommendation was unanimously approved.

7. The Graduate Committee, Bateman, Chairman, recommended that the honorary degree of Doctor of Science be granted to Mr. Guy Emerson Sheridan, a graduate of the State University of the class of 1902 with the degree of Bachelor of Science.

The recommendation was unanimously approved.

8. The Enlarged Committee on Admission and Graduation, Jesse, Chairman, reported the following exceptions to faculty rules granted during the winter quarter.

1. Re: Margaret Raitt. Miss Raitt was granted permission to receive the degree of Bachelor of Arts, major in Economics and Sociology; also a major in Journalism.

2. Re: Lovira M. Hart. Miss Hart was granted permission to receive the degree of Bachelor of Arts, major in Mathematics; also a major in Business Administration.

3. Re: Harold Everson. Mr. Everson was granted permission to satisfy the residence requirement for graduation by earning in residence 16 rather than the required 35 of the last 45 credits toward a degree. The reason for this action was that of the 189 credits offered by Mr. Everson toward his degree, 159 were earned in residence at the State University.

4. Re: Dosia Shults. Mr. Shults was granted permission to satisfy the foreign language requirement for a degree by offering only Spanish Fl1ab, Fl3a. The reason for this action was that Mr. Shults has been out of school for several years, is now established in his profession, and believes that the foreign language, which would require a considerable amount of time for review and study, would not be of use to him.

9. The President discussed financial matters, the budget for the ensuing year, methods of saving.

10. A recommendation from the Budget and Policy Committee was presented in the form of a motion by Professor Elrod, Chairman of the Committee, to the effect that the President be authorized by the faculty to set aside whatever faculty rules he deemed necessary as a measure of economy for the ensuing year. The motion was unanimously approved.

11. A recommendation from the Curriculum Committee that the semester system be substituted for the quarter system was presented by Dean Jesse. The President stated that subsequent to this action of the Curriculum Committee the other institutions of the University had declined to change their plans and that therefore the adoption of the semester plan at this time was of doubtful merit. On motion the recommendation was tabled.

12. The Curriculum Committee, by Jesse, recommended to the faculty for their approval that all freshman laboratory courses be abandoned and that omnibus courses for freshmen be offered in the physical sciences, the biological sciences, the social sciences, and in the humanities. On motion the recommendation was unanimously approved.

13. The President announced (1) the statutory regulations concerning travel expenditures, enacted by the last legislature; (2) economy measures concerning postage, mail, messenger, telephone service; and (3) that departmental confectionery stores were not permitted except on the recommendation of the Auditor of Student Organizations, approved by the President.

14. There being no further business before the faculty, the meeting adjourned.

(Mr. Speer had completed all requirements for the degree of Bachelor of Arts in Business Administration on August 2. However, due to a misunderstanding regarding the reporting of his work in the Correspondence Study Department his name did not appear on the list sent to the faculty at the end of the summer session.)

October 26, 1933

1. A meeting of the Faculty was held at 4:10 P.M. on the call of President Clapp, who presided.

The following members were present: Ames, Atkinson, Bennett, Bischoff, Carey, Clapp, W.P. Clark, Cogswell, Cook, Daughters, Deiss, Elrod, Fisher, Freeman, Gleason, Hardy, Hewitt, Hitchcock, Hoffman, Huston, Howard, Jesse, Kast, Keeney, Leaphart, Little, Line, D. R. Mason, Merrill, Mickel, Miller, Mirrielees, Mollett, Nelson, Parker, Penskill, Richards, Riedell, Rogers, Rothernrich, Rowe, Sanford, Severy, Sollenberger, A. K. Smith, F. O. Smith, Snell, J. B. Speer, Suchy, C. Swearingen, Mrs. Swearingen, Tascher, Teel, Thomas, Toelle, Turney-High, Waters, Wells.

The following members were accounted for: Badgley, Coleman, Harry Adams, Lewandowski, Maddock, Merriam, Cakes, Platt, Scheuch, Schreiber, Sedman, Major Smith, Young.

2. The minutes of the meeting of September 26th. were approved.

3. Announcements were made by Mr. Line concerning group and other insurance; by the President concerning restrictions of the budget, faculty responsibility in advising students, responsibility of staff in eliminating smoking.

4. The Committee on Admission and Graduation, enlarged for administrative action, Jesse, Chairman, reported the following exceptions to faculty rules granted during the spring and summer quarters:

(1.) Re: Stella McGovern. Miss McGovern was granted permission to satisfy the foreign language requirement for the degree by offering four units in high school Latin without taking the placement (achievement) examination. In order to satisfy the requirement it could have been necessary for her to place in Latin 15. The reason for this action was that Miss McGovern completed her training in Latin in 1910.

(2.) Re: John R. Hansen. Mr. Hansen was granted exemption from the foreign language requirement for the degree. Mr. Hansen was graduated from high school in 1900. He has never studied foreign language. He is a mature student who is established in his profession and will be able to graduate in one more summer session if he is not required to satisfy the foreign language requirement.

(3.) Re: John R. Hansen. Mr. Hansen was granted permission to satisfy the residence requirements for graduation by earning in residence 34 rather than 35 of the last 45 credits toward the degree. Mr. Hansen has registered for excess credits during the period of his attendance at the State University and has earned an index of 2.00 on work completed here.

(4.) Re: Frances Gallagher. Mr. Gallagher was granted permission to satisfy the residence requirements for graduation by earning in residence 33 rather than 35 of the last 45 credits toward the degree. Mr. Gallagher has earned a total of 193 credits in residence at the State University. On these credits he has earned an index of 1.95.

(5.) Re: Catherine Coughlin. Miss Coughlin was granted permission to receive her degree offering 186 credits including 68 credits in English, her major department. Five credits in Freshman Composition are not included in accordance with faculty rules. She offered in her major field three credits in excess of the number allowed by faculty rules when no excess credits for the degree are offered. This action was taken in view of Mr. Freeman's statement that he had not called her attention to the excess credits in her major department and because at the time the deficiency was discovered it seemed that the changes which would have to be made in order to reduce the number of major credits would not be beneficial to the student and would be a substitution of any available courses unrelated to her field of interest and preparation for courses she needed to complete requirements in her major.

(6.) Re: Hugh Smith. Mr. Smith was granted permission to satisfy the residence requirement for the master's degree by earning in residence 21 rather than 22 credits. Mr. Smith offered for his degree a total of 36 credits, of which 15 were earned at the University of Kansas. In view of the fact that he was teaching one class at the State University the number of graduate credits for which he was permitted to register was limited to 7 each quarter and he therefore secured a total of only 21 credits.

(7.) Re: Alice Stukey. Miss Stukey was permitted to receive the degree of Bachelor of Arts with a major in Music offering 21 excess credits in Music. Miss Stukey was registered during the spring quarter for a course in mathematics which she failed, and while she was able to satisfy the total credit and the grade point requirements for graduation without this course she was unable to offer sufficient non-music credit for her degree.

(8.) Re: George M. Hall. Mr. Hall was granted permission to satisfy the residence requirement for graduation by earning 31 credits in residence rather than 35 of the last 45 credits toward the degree.

(9.) Re: Fred L. Peterson. Mr. Peterson was granted exemption from the foreign language requirement for the degree. He was graduated from high school in 1903. While in high school he earned one unit in Latin and one unit in German. He has had no foreign language since that time. He is a mature student who is established in his profession and will be able to graduate at the end of the winter quarter if he does not satisfy the foreign language requirement.

(10.) Re: James Lennon. Mr. Lennon was granted exemption from the foreign language requirement for the degree. Mr. Lennon has not been attending college for the past nine years. He was graduated from high school in 1913 offering one unit in Latin and $\frac{1}{2}$ unit in Spanish. In order to satisfy the foreign language requirement it would be necessary for him to remain in attendance five quarters, because it would be inadvisable for him to continue the study of Latin or Spanish in view of the fact that it has been more than 20 years since he has studied either of these languages. It would, therefore, be necessary for him to begin the study of another language. He will be able to graduate at the end of the winter quarter if he does not satisfy the foreign language requirement.

(11.) Re: Russell Sweet. Mr. Sweet was granted permission to satisfy the residence requirement for graduation by earning in residence 16 credits rather than 35 of the last 45 credits toward the degree. Of the 187 credits offered for the degree Mr. Sweet will offer six credits transferred from San Jose State Teachers' College, 29 credits earned by correspondence study from this institution and the remainder earned in residence at this institution.

(12.) Re: Robb Rice. Mr. Rice was granted permission to receive the degree of Bachelor of Science in Pharmacy offering 268 credits. He received the degree of Bachelor of Arts with a major in Chemistry in June 1931. At the time he received the Bachelor of Science in Pharmacy he had completed 22 credits in addition to the credit offered toward the Bachelor of Arts degree.

(13.) Re: Marjorie Crawford. Miss Crawford was granted permission to satisfy the non-freshman course requirement for graduation by offering 43 rather than 65 credits earned in non-freshman courses after her entrance to the second period. The vote of the Committee showed four affirmative and two negative votes.

(14.) Re: Cornelia Stussy. Miss Stussy was granted permission to satisfy the non-freshman course requirement for graduation by offering 63 rather than 65 credits earned in non-freshman courses after her entrance to the second period. The vote of the Committee showed three affirmative and two negative votes.

On motion of Daughters, the faculty accepted the above report with its approval and a "vote of thanks" for the services of the Committee in relieving the faculty of individual action in these cases of exceptions to rules for graduation.

5. Dean Jesse requested that each instructor who signs a change of enrollment card should indicate on the card whether the student is passing or failing in the course which he desires to drop.

6. The President asked the faculty to proceed to the election of a representative of the Service Committee, stating that Executive Secretary Swain, acting for the chancellorship, had reappointed Mr. Leaphart, that the President had re-appointed Dean Leaphart to the committee. On motion of Shallenberger the faculty re-elected Dr. Elrod to the committee.

7. The President requested the faculty to proceed to the election of members of the Budget and Policy Committees, and asked for a nominating ballot for Chairman. After the ballot was taken and counted by tellers, the President announced that one member had received a majority of votes on the nominating ballot. On motion duly made and seconded the faculty voted that the member receiving a majority in the nominating ballot be declared elected. Whereupon the election of Professor J. F. Rowe as chairman was announced.

Budget & Policy
Committee
Election

The faculty then adjourned to elect by groups the remainder of the members of the committee. The following elections were subsequently reported:

Science group:--J. W. Severy (A.S. Merrill, holdover member).
